

CPU 200™

CPU200

Built to accommodate the smaller profiles of today's technology, Humanscale's latest CPU holder combines superior function and ease of use with stylish aesthetics to complement any modern workstation.

Available with contemporary white accents or more traditional black accents, the CPU200 provides effortless access to cables, ports and drives while enabling easy CPU installation and removal.

Features

- Glides smoothly on horizontal track for easy access and convenient stowing
- 360° swivel for effortless access to cables, ports and drives
- Quick track bracket enables tool-free installation and removal
- Easily adjusts to accommodate CPUs of various sizes
- Elevates CPU to protect it from damage and to provide maximum floor clearance
- Non-skid pads protect CPU exterior
- Promotes long CPU life by allowing CPUs to stay cool and vent freely

Specifications

- Accommodates CPUs 1" – 5" in width and 6" – 12" in height
- Supports CPUs up to 15 pounds
- Finish options: White with Brushed Aluminum or Black with Brushed Aluminum
- Made primarily of aluminum and steel
- May contribute to a number of LEED credits
- 15-year 24/7 warranty

Creating a more comfortable place to work
