Manager

L6 Notebook Manager

Humanscale's L6 Notebook Manager dramatically improves user comfort and reduces the risk of long-term injury by promoting good ergonomic posture while using a laptop computer.

Offering a number of practical features, the versatile L6 is ideal for full-time workstations, home offices, hospitality applications, and any other workspace in which a laptop computer is regularly used.

Features

- Eliminates "laptop hunch" to enable a comfortable, sustainable working posture
- Elevates notebook display to a healthy and comfortable level
- Innovative clutch-bearing hinge provides effortless adjustment of display height
- Requires use of external keyboard and mouse to minimize injury risks
- One-touch swivel base encourages collaboration
- Optional built-in USB hub
- Heat ventilation
- Convenient cable management
- Built-in security allows L6 to be locked to desk or computer

Specifications

- Accommodates notebook computers a minimum of 8.5" in length, and up to 1.5" thick
